

## 903 Electromechanical Workstation, Extended

### Product Dimensions

(L x W x H)

33" x 63" x 40" (838 x 1600 x 1016 mm)

140 lbs. (64 kg)

### FEATURES AND SPECIFICATIONS

- Two, 12-Gauge, 24" x 60" x 1" deep, formed-steel shelves, with provision for mounting all DAC mechanical, fluid power, and HVAC product baseplates.
- Two, welded support frames fabricated from 14-Gauge, 1-1/2" square tubing.
- High-durability, powder-coated surfaces throughout, allowing for repeated use and rough handling.
- Four, 2" diameter levelers, with vibration dampening anti-skid pads and leveling lock nuts.
- Provision for mounting DAC electrical products, using optional, t-slot rail sets.
- Provision for mounting all DAC cutaway products, using optional, t-slot rail sets.
- Provision for mounting all primary, mechanical training elements, directly, using optional extended t-slot rail set.
- Hardware pack, including sufficient hardware for mounting a variety of devices.
- Shipped knock-down.
- Packaging for shipment via motor freight.

### SERVICE REQUIREMENTS

- None

### GENERAL DESCRIPTION

A heavy-duty, multi-functional training workstation, accommodating a wide range of DAC mechanical, electrical, fluid power and HVAC products.

Allowing for configuration in a variety of ways, and incorporating heavy-duty construction techniques, this supporting accessory allows training to occur more conveniently and efficiently.

Heavy-gauge steel shelves with mounting holes, allow direct mounting of all DAC mechanical, fluid power, and HVAC product baseplates, as well of storage of loose components and tools. 14-Gauge tubular steel support frames, in combination with premium, non-slip levelers, ensures a stable foundation.

Optional components allow the workstation to be modified for other purposes, including use as a mounting rack display support, or as a workstation for multiple motor and motor control training products.

### OPTIONS

#902-001 - Locking caster set (includes four, dual-wheel, locking casters) (recommended when used as a display rack only).

#902-002 - Supplemental t-slot rail set (includes four, 1.5in. square, 48in. long, t-slot mounting rails).

#902-003 - Supplemental t-slot rail set, extended (includes six, 1-1/2in. x 3in., 43in. long, t-slot mounting rails, creating a 9in. wide mounting area on two shelves).
