# Chain Drive Training System Plus

Model: 223-PAC

DAC Worldwide's Chain Drive Training System Plus (223-PAC) is a heavy-duty learning aide that allows for in-depth training in industrial chain drives, heavy/silent chains, and sprocket set usage. Through the use of a welded aluminum driver and actual industrial hardware, the trainer provides a complete introduction to chain nomenclature, assembly, disassembly, alignment, and maintenance.

The Chain Drive Training System Plus includes the following:

- Chain Drive Training System (223)
- Heavy Series Chain and Sprocket Set (223-001)
- Silent Chain and Sprocket Set (223-003)
- Plastic Economy Shim Kit (228-002)
- Magnetic Base/Dial Indicator Set (208-015)

Packaged with several chain types, connecting links, attachment chain samples, sprockets, bushings, and applicable tools, this learning system offers a complete training experience in this fundamental industrial drive technology. Learners will use these industrial-grade components to study topics such as taper lock bushings, chain drive maintenance, installation/alignment of chains, and tensioning of chains. Not only do the components provide durability to stand up to frequent use, but they also aide learners in becoming better prepared for the tasks they will encounter on the job.

The Chain Drive Training System Plus includes the use of straight, keyed-bore, taper-bore, taper-lock, QD bushings, Morse HV chains, and silent chains, which allow for a variety of hands-on exercises. It also provides skill-building for industry-relevant tasks, like installing/removing QD and taper-lock bushings, fabricating shaft keys, and how to align industrial idlers.

#### **Practice Hands-On Mechanical Skills for Various Applications**

The Chain Drive Training System Plus features a formed-steel baseplate with provision for tabletop mounting, as well as a welded aluminum motor and driven elements. It includes training on ground steel shafting, using a handwheel, and understanding multiple motor positions, which allows for establishment of several different chain lengths. It also comes with a chain, including 40 series standard, double-pitch, and single-pitch/double-strand, as well as six (6) mixed diameter sprockets with provisions for keyed, taper-bore, taper-lock and QD huds.

The Heavy Series Chain and Sprocket Set comes with 10 feet of #60 heavy series chain, two (2) type 60B sprockets with a 20/20 tooth, and four (4) heavy series connecting links. The Silent Chain and Sprocket Set comes with five feet of SC404, ½-inch pitch, 1-inch wide silent chain, two (2) Type 404 Sprockets, and two (2) ½-inch

silent chain connecting links. All of the components match the details of the curriculum provided with DAC Worldwide chain drive training systems.

#### Learn to Read and Operate a Magnetic Base/Dial Indicator

Using DAC Worldwide's Magnetic Base/Dial Indicator Set (208-015) facilitates a variety of critical measurement tasks and machinery checks associated with mechanical maintenance. This common measurement tool is for shaft and coupling alignment, gear reducer optimization, and chain/belt drive alignment. It has been popular in industry due to its maximum utility and durability while ensuring a long, accurate service life.

## **Expand Training with Additional Mechanical Options**

The Chain Drive Training System Plus is only one of DAC Worldwide's expansive mechanical training products, including a Combined Mechanical Trainer (200), a Belt Driver Trainer (201), a Quick Start Chain Sample Board Package (838-PAC), and many more!

#### **Optional Student Training Manual and Textbook Available**

A copy of this course's Student Training Manual and Textbook are available as educational supplements to this training system. Sourced from the Exercises and Learning Activities, the Student Training Manual takes the technical content contained in the learning objectives, and combines it into one perfectly-bound book. The textbook, called *Industrial Mechanics and Maintenance*, presents clear objectives and performance standards for learners. If you would like to inquire about purchasing Student Training Manual or Textbooks for your program, please contact your local DAC Worldwide representative for more information.

# **FEATURES & SPECIFICATIONS**

- 7-Gauge, formed-steel baseplate with provision for tabletop mounting
- Welded aluminum motor and driven elements
- · Ground steel shafting
- Handwheel
- · Multiple motor positions, allowing for establishment of several different chain lengths
- Provision for motor element jacking
- Heavy-duty flanged bearings allowing for variation of misalignment
- Chain, including 40 series standard, double-pitch and single-pitch double strand chain
- Connecting links, including cotter pin, spring clip and offset types
- Idler bracket assembly
- Six (6) mixed diameter sprockets, with provision for keyed, taper-bore, taper-lock and QD hubs
- All components can be mounted on related bench and workstation products

• Packaging for shipment via motor freight

# **Package Includes:**

- #223 Chain Drive Training System
- #223-001 Heavy Series Chain and Sprocket Set
- #223-003 Silent Chain and Sprocket Set
- #208-002 Plastic Economy Shim Kit
- #208-015 Magnetic Base / Dial Indicator Set

**PRODUCT DIMENSIONS DISCLAIMER**: Product Dimensions are approximate. Shipping Dimensions and Weights are for directional use only and may change based on manufacturer variables. For the most accurate Shipping Dimensions and Weights, please contact the manufacturer.

# • Product Dimensions

```
(L x W x H)
36in. x 13in. x 14in. (910 x 330 x 350 mm)
60lbs. (27kg)
```

# • Shipping Dimensions

```
(L x W x H)
40in. x 15in. x 24in. (1020 x 380 x 610 mm)
132lbs. (60kg)
```

#### **OPTIONS**

- #099-00S 6-Topic Power Transmission Installation and Maintenance Training DVD (IBT)
- #208-003 Standard Shim Kit
- #510-000 IPT Industrial Trades Training Manual
- #510-001 IPT Industrial Trades Handbook
- #838-PAC Chain Sample Board, Quick-Start Package
- #902 Electromechanical Workstation
- #223-500 Use/Exercise Guide (additional).

# **ACCESSORIES**

- Chain breaker tool
- Chain puller
- Combination wrenches

- Allen wrench set
- · Straight edge
- Magnetic angle indicator
- String
- Shim selection (four each of five sizes)
- Twelve (12) connecting links of three varieties
- Two (2) offset links (#40 series)
- Chain sample kit (six samples)
- Attachment chain sample
- Tool box
- Use/Exercise Guide, with 13 hands-on exercises
- Industrial Trades Training Manual, with chapter on chain drives (IPT)

**CONTENT** The courseware, useful in both an instructor-led or self-directed format, includes a textbook with a chapter on chain drives.

### **Exercises include:**

- Exercise 223-S01 Introduction to Chain Drive Components and Concepts
- Exercise 223-S02 Identification of Chain Types
- Exercise 223-S03 Silent Chain; Terminology and Use (optional)
- Exercise 223-S04 Introduction to Sprocket Terminology and Use
- Exercise 223-S05 Installation and Removal of Q.D. & Taper Lock Bushings
- Exercise 223-S06 Use of a Dial Indicator in Chain Drive Maintenance
- Exercise 223-S07 Chain Drive Maintenance Pre-checks
- Exercise 223-S08 Fabrication and Installation of Shaft Keys
- Exercise 223-S09 Installation, Alignment, and Tensioning of Roller Chain
- Exercise 223-S10 Installation and Alignment of Idlers
- Exercise 223-S11 Installation, Alignment, and Tensioning of Double Pitch Roller Chain
- Exercise 223-S12 Installation, Alignment, and Tensioning of Multiple Strand Roller Chain
- Exercise 223-S13 Installation, Alignment, and Tensioning of Silent Chain (optional)
