

Downsized Horizontal Multi-Stage Centrifugal Pump Dissectible

Model: 275-160D

DAC Worldwide's Downsized Horizontal Multi-Stage Centrifugal Pump Dissectible (275-160D) is an actual industrial pump assembly that allows for in-depth training in field or bench-top disassembly, inspection, troubleshooting, and assembly of multi-staged pumps.

Horizontal multi-stage centrifugal pumps are commonly used in all process industries and are encountered by maintenance technicians on a regular basis.

All components and design features have been retained, and the dissectible is mounted on a heavy-gauge, formed-

steel baseplate and support assembly. The dissectible allows for both demonstration and training related to the design, operation, and maintenance of common horizontal side channel centrifugal industrial pumps.

FEATURES & SPECIFICATIONS

- 7-gauge, formed-steel baseplate with provision for bench-top, workstation, and storage rack mounting.
- Actual compact, industrial, multi-stage, side-channel, horizontal centrifugal pump (1" X 1" X 10" varieties are most often chosen for industrial training relevance).
- Restoration and cleaning of pump.
- Restorative powder coating of interior and exterior services.
- Painting of the exterior surfaces using a high-durability urethane coating.
- Replacement plated hardware, where necessary.
- Applicable installation and maintenance manual from original manufacturer.
- Replacement maintenance parts kit, including replacement gaskets and other consumables
- Use/Exercise Guide (abbreviated) with three hands-on illustrated exercises relating to pump disassembly, troubleshooting, and reassembly.
- Crating for shipment via motor freight.

PRODUCT DIMENSIONS

DISCLAIMER: Product Dimensions are approximate. Shipping Dimensions and Weights are for directional use only and may change based on manufacturer variables. For the most accurate Shipping Dimensions and Weights, please contact the manufacturer.

- **Product Dimensions**
(L x W x H)
Approximately
30" x 13.5" x 18" (750 x 350 x 450 mm)
135 lbs. (61 kg)
- **Shipping Dimensions**
(L x W x H)
34" x 15" x 24" (850 x 380 x 610 mm)
160 lbs. (75 kg)

OPTIONS

- Recommended #902V Mobile Display Stand
- #902F - Electromechanical Workstation
