

Downsized Right-Angle Globe Valve Cutaway

Model: 263D

DAC Worldwide's Downsized Right-Angle Globe Valve Cutaway (263D) is an economical, sectioned valve sample that allows for convenient classroom training in the operation, construction, and maintenance of this common type of industrial globe valve.

Through carefully-planned sectioning and color-coding, the complete internal configuration of the valve is exposed and showcased. Seal features have been retained, allowing for "hands-on" training in maintenance and disassembly.

The cutaway comes mounted on a 13-gauge, formed-steel mounting stand with provision for tabletop mounting. It can also be mounted on related DAC Worldwide bench, workstation display, and storage rack products.

FEATURES & SPECIFICATIONS

Important Product Note: *Photographs are representative and for reference only. Product appearance and dimensions may vary based upon component manufacturer and availability. Any product dimensions given, such as size and weight, are approximate and for directional use only. For the most accurate shipping dimensions and weights, please contact the manufacturer.*

- Sectioning of actual hardware (common 1" NPT valve makes and models usually chosen for industrial relevancy).
- Cleaning, priming, and painting using a high-durability, urethane coating with powder coating.
- Color-coding of valve body, internal surfaces, seat, and closure devices using contrast colors.
- Replacement plated hardware, if required.
- All seals and seats shown.
- 13-gauge, formed-steel mounting stand with provision for tabletop mounting.
- Provision for mounting on related bench, workstation display, and storage rack products.
- Manufacturer's installation, operation and maintenance manual where available.

- Packaging for shipment via courier or parcel service.

DISCLAIMER: *Product Dimensions are approximate. Shipping Dimensions and Weights are for directional use only and may change based on manufacturer variables. For the most accurate Shipping Dimensions and Weights, please contact the manufacturer.*
