

# I/P Transducer Cutaway

Model: 273-840

DAC Worldwide's I/P Transducer Cutaway (273-840) is a detailed I/P converter cutaway that depicts a common current to pressure transducer used within industrial process control systems. This common piece of pneumatic control hardware is found in manufacturing facilities, petro-chemical plants, refineries, and other similar industrial, commercial, and oil and gas applications.

The cutaway includes a formed-steel mounting assembly, allowing for stand-alone display, bench-top mounting, or mounting on specialized DAC Worldwide mounting benches and support structures.

Through careful sectioning, the complete internal configuration of the device can be seen, while also allowing for disassembly for more complete inspection. All primary features have been retained.

## **FEATURES & SPECIFICATIONS**

**Important Product Note:** Photographs are representative and for reference only. Product appearance and dimensions may vary based upon component manufacturer and availability. Any product dimensions given, such as size and weight, are approximate and for directional use only. For the most accurate shipping dimensions and weights, please contact the manufacturer.

- Sectioning of actual industrial component (common industrial component brands and models chosen for industrial relevance, including selections from Emerson/Fisher and Moore Products).
- Restoration and cleaning of all primary component parts where necessary.
- 14-gauge, formed-steel, powder-coated mounting stand with component attachment brackets and iron pipe mounting spools/nipples.
- Provision for mounting on related DAC Worldwide bench, workstation, and storage products.
- Packaging for shipment via parcel service or motor freight.

## **PRODUCT DIMENSIONS**

**DISCLAIMER:** *Product Dimensions are approximate. Shipping Dimensions and Weights are for directional use only and may change based on manufacturer variables. For the most accurate Shipping Dimensions and Weights, please contact the manufacturer.*

- **Product Dimensions**

(L x W x H)

9in. x 9in. x 10in. (230 x 230 x 250 mm)

## **OPTIONS**

- Recommended #902V Mobile Display Stand
