

Short Blade Set with Shaft

Model: 202-006

DAC Worldwide's Short Blade Set w with Shaft (202-006) is an optional component package that expands the capabilities of the Fan Balancing Training System (202). This hands-on training package allows for fan balancing exercises involving an overhung fan assembly, as found in many applications, including industrial induced draft fans.

A set of 10 custom shortened fan blades, a corresponding shortened shaft, and replacement fasteners are provided.
