

Oilfield Backpressure Regulator Cutaway

Model: 295-715

DAC Worldwide's Oilfield Backpressure Regulator Cutaway (295-715) is a sectioned industrial regulator that allows for valuable and convenient classroom training in the operation, construction, and maintenance of an industrial backpressure regulator.

Through carefully-planned sectioning and color-coding, the complete internal configuration of the regulator is exposed and showcased. Seal features and hardware locations have been retained, allowing for "hands-on" training in maintenance.

These regulators, commonly used in oil and gas production applications relating to separators, treaters, and other gas production, as well as gathering and distribution applications, would be of interest to those involved in oil and gas production operations and maintenance training.

FEATURES & SPECIFICATIONS ***Important Product Note:** Photographs are representative and for reference only. Product appearance and dimensions may vary based upon component manufacturer and availability. Any product dimensions given, such as size and weight, are approximate and for directional use only. For the most accurate shipping dimensions and weights, please contact the manufacturer.*

- Sectioning of actual industrial hardware (common valve brands and models, such as those from Kimray and Fisher, are chosen for industrial training relevance).
- Cleaning, priming, and painting using a high-durability urethane coating.
- Color-coding of regulator body, internal surfaces, seats, and closure devices using high-contrast colors.
- Replacement plated hardware where required.
- All seals and seats shown.
- Welded structural steel base assembly with provision for tabletop mounting or mounting on related DAC Worldwide bench, workstation, and storage rack products.
- Manufacturer's maintenance manual, when available.
- Packaging for shipment via motor freight or parcel service.

PRODUCT DIMENSIONS

- **Product Dimensions**

(L x W x H)

13in. x 9in. x 14.5in. (330 x 228 x 368 mm)

DISCLAIMER: Product Dimensions are approximate. Shipping Dimensions and Weights are for directional use only and may change based on manufacturer variables. For the most accurate Shipping Dimensions and Weights, please contact the manufacturer.
