

Rotary Actuator Cutaway

Model: 273-530

DAC Worldwide's Rotary Actuator Cutaway (273-530) is a detailed valve actuator cutaway that depicts a common rotary vane-type valve actuator regularly used as a closure device on industrial 1/4-turn valves.

This specialized pneumatic valve actuator is commonly found in manufacturing facilities, petro-chemical plants, power plants, refineries, and other similar industrial, commercial, and agricultural applications.

Rotary pneumatic actuators are a compact, popular, and economical choice for remote ball, plug, and butterfly valve actuation in many industries due to their simplicity of construction, small space envelope, and limited number of moving parts.

The cutaway includes a heavy-gauge, formed-steel mounting baseplate, allowing for stand-alone display, bench-top mounting, or mounting on specialized DAC Worldwide mounting bench, display, and storage structures.

Through careful sectioning, the complete internal configuration of the actuator can be seen, while also allowing for disassembly for more complete inspection. All primary features have been retained, allowing for basic disassembly and maintenance training.

FEATURES & SPECIFICATIONS

Important Product Note: *Photographs are representative and for reference only. Product appearance and dimensions may vary based upon component manufacturer and availability. Any product dimensions given, such as size and weight, are approximate and for directional use only. For the most accurate shipping dimensions and weights, please contact the manufacturer.*

- Sectioning of actual industrial component (well-known component brands and models chosen for industrial training relevancy).
- Cleaning, priming, and painting of all primary component parts using contrasting, high-durability urethane coatings throughout.
- Full 90-degree cutaway unveiling complete range of vane motion, seals, gaskets, o-rings, and adjustment-

related components.

- 13-gauge, formed-steel, powder-coated mounting base.
- Provision for mounting on related DAC Worldwide bench, workstation, display, and storage products.
- Manufacturer's installation, operation, and maintenance manual.
- Packaging for shipment via parcel service or motor freight.

PRODUCT DIMENSIONS

DISCLAIMER: *Product Dimensions are approximate. Shipping Dimensions and Weights are for directional use only and may change based on manufacturer variables. For the most accurate Shipping Dimensions and Weights, please contact the manufacturer.*

- **Product Dimensions**

(L x W x H)

9" x 11" x 9" (225 x 275 x 225 mm)

- **Shipping Dimensions**

(L x W x H)

12" x 12" x 12" (304 x 304 x 304 mm)

OPTIONS

- Recommended #902V Mobile Display Stand
