### Enhance Training with Hands-On Cutaway Industrial Components

The cutaway features a 13-gauge, formed-steel baseplate with provision for benchtop, workstation, and storage rack mounting, and possesses the ability to be removed from the baseplate for convenient classroom use. The sectioning and restoration of actual industrial in-line clutch enhance students' hands-on learning and visual comprehension.

Finally, the cutaway and its components are cleaned, primed and painted using a high-endurance urethane coating, providing durability to stand up to frequent use.

### **Expand Training with Additional Mechanical Model Options**

The Wrap-Spring Clutch Sample is only one of DAC Worldwide's expansive mechanical training cutaways, including the Fluid Coupling Cutaway (200-2082), the In-Line Friction-Type Pneumatic Clutch Cutaway (200-2202), the Centrifugal Clutch Cutaway (200-2204), and more!

### **Optional Student Training Manual and Textbook Available**

A copy of this course's Student Training Manual and Handbook are available with the clutch cutaway. Sourced from the Exercises and Learning Activities, the Student Training Manual takes the technical content contained in the learning objectives, and combines it into one perfectly-bound book. The handbook, called *IPT Industrial Trades Handbook*, presents clear objectives and performance standards for learners. If you would like to inquire about purchasing additional Student Training Manual or Handbooks for your program, please contact your local DAC Worldwide Representative for more information.

**FEATURES & SPECIFICATIONS** ***Important Product Note:** Photographs are representative and for reference only. Product appearance and dimensions may vary based upon component manufacturer and availability. Any product dimensions given, such as size and weight, are approximate and for directional use only. For the most accurate shipping dimensions and weights, please contact the manufacturer.*

- 13-Gauge, formed-steel baseplate
- Provisions for benchtop, workstation, and storage rack mounting
- Powder-coated urethane paint to stand up to frequent use
- Sectioning and restoration of actual industrial wrap-spring clutch
- Popular models, by well-known manufacturers, are chosen for industrial relevancy

**PRODUCT DIMENSIONS DISCLAIMER:** *Product Dimensions are approximate. Shipping Dimensions and Weights are for directional use only and may change based on manufacturer variables. For the most accurate Shipping Dimensions and Weights, please contact the manufacturer.*

- **Product Dimensions**  
(LxWxH)  
9" x 9" x 9"(228 x 228 x 228 mm)
- **Shipping Dimensions**  
(LxWxH)

12" x 12" x 12"(305 x 305 x 305 mm)

## **OPTIONS**

- Recommended #902V - Mobile Display Stand
- #510-000 - Industrial Trades Manual (IPT)
- #510-001 - Industrial Trades Handbook (IPT)
